Dear Mr. Lofstedt:

I have called your office on Tuesday, March 19, 2002 and left a message for a return call from you but still haven't heard from you. I hope this is not a sign of same usual pattern I have experienced for so long.

Please provide me with an update on any correspondence you have made to USPTO in regards to reinstating the U.S. Patent Applications, Serial Number 09/422,025 and Serial Number 09/422,026.

I have spoken to Examiner Boykin at USPTO in regards to the Serial Number 09/422,025. According to her, this patent application is presumed to be abandoned as well (as Serial Number 09/422,026) since there's no record of its file in her current computer data. She also told me that she has not been contacted by you so far. Upon my request, she is going to retrieve and send you again all related correspondence that were previously sent to your office prior to its abandonment.

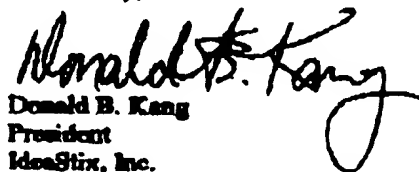

If you want to contact Examiner Boykin, her direct phone number is (703) 306-4077.

This abandonment of our U.S. Patent Applications due to the negligence of your office has caused irreparable damage to our business, not to mention the emotional devastation and anger.

When you were in my office on March 6, 2002, you have resolutely made a promise to "do whatever it takes" to reinstate these two patents. I'd like to honor that.

I respectfully request and demand that I receive a status update as it develops on this extremely important matter.

Yours truly,

  
Donald B. Kang  
President

Dear Mr. Lofstedt:

I still haven't received from you any updates whatsoever in regards to reinstating our two U.S. Patent Applications.

A considerable amount of time has lapsed since your last visit to my office and your last fax letter dated April 9, 2002, which stated that you would contact me the next day.

Please let me know the status TODAY.

Yours truly,

  
Donald B. Kang  
President
